We are just a few of the wonderful cats at Contra Costa Animal Services in Martinez and Petsmart in Concord that DESPERATELY need to get out. The shelter is overcrowded and it is euthanizing kitties, and we don't want that to happen to us! We've been selected as kitties who have particularly wonderful temperaments. Please help us find a way out, even if it's just a temporary home it would be a help. We're all fixed, vaccinated, and microchipped. Here's some more info about us (in our own words):

**Tammy** (#A605011 at Martinez shelter): I'm a little girl of about two years of age with gorgeous tortie coloring. I'm EXTREMELY affectionate and loving and get along well with other cats.

**Donnie** (#A616884 at Martinez shelter): I'm a young adult (5 years) who's handsome, friendly, and okay with other kitties.

**Starlett** (#A612833 at Petsmart in Concord): I'm a very sweet girl, and I have been told I'm incredibly beautiful. I adore being brushed and petted and am just adorable in general. I'm also okay with other cats.

**Electra** (#A613570 at Petsmart in Concord): I am a Maine Coon mix with gorgeous calico coloring and I've got a purrrrsonality to match! I am only two years of age and adore attention and being brushed. I'm also okay with other kitties.
