Hello, friends, we are the kitties of the Kings County Shelter. It's very crowded here, and we would really like to take our place in a loving household. We even have people who can transport us to you if necessary.

Heather: I am just over a year old with very pretty tortoiseshell, medium-length hair. I have been at the shelter since March because I am a little shy at first, but I am truly affectionate once I get to know you. I get along with other kitties and am pretty mellow. I am healthy, spayed, and really ready to go home with the right person.

Miss Kitty: I am four years old and, like Heather, a little shy and scared in my current surroundings, but I will blossom in a home with loving care, especially if I am the only kitty. I am spayed, declawed (that means I need to be an indoor kitty), and ready for adoption.

Tommy Boy: I am four years old and a mighty hunter! My previous family gave me up because I was killing birds, but there's more to me than that. I have a very sweet personality too and will capture your heart if you take me home.

For more information, please contact Marlene at 559-584-9214 or marlgold@yahoo.com.
