

Mindy

My name is Mindy and although I am about a year and a half old, I still look like a kitten and will probably always look like a kitten. So if you like the kitten looks but not the crazy hyper kitten behavior, then I'm the girl for you! I'm very sweet and love attention and even love being carried around like a baby. I also love playing tug-o-war with my string toy - I will latch onto the string and stand on my back legs kind of like a mini-kangaroo. Cool, huh? I'm very well behaved and don't scratch furniture (I use my cardboard scratching board instead). I need to be an only kitty. I'm a gray tabby with short hair and green eyes. I've been spayed, tested negative and am up to date on all my shots.
